Revision History

- | | |
|-----------------------|--|
| December 2007 | Standard 02.05. This document has been up-issued to reflect corrections in document titles. |
| May 2007 | Standard 01.01. This document is issued to support Communication Server 1000 Release 5.0. This document contains information previously contained in the following legacy document, now retired: Library Reference (553-3001-000). |
| September 2004 | Standard 1.00. This document has been up-issued to support Communication Server 1000 Release 4.0. |

How to get help

This chapter explains how to get help for Nortel products and services.

Getting help from the Nortel web site

The best way to get technical support for Nortel products is from the Nortel Technical Support web site: <http://www.nortel.com/support>

This site provides quick access to software, documentation, bulletins, and tools to address issues with Nortel products. From this site, you can:

- download software, documentation, and product bulletins
- search the Technical Support Web site and the Nortel Knowledge Base for answers to technical issues
- sign up for automatic notification of new software and documentation for Nortel equipment
- open and manage technical support cases

Getting help over the telephone from a Nortel Solutions Center

If you do not find the information you require on the Nortel Technical Support web site, and you have a Nortel support contract, you can also get help over the telephone from a Nortel Solutions Center.

In North America, call 1-800-4NORTEL (1-800-466-7835).

Outside North America, go to the following web site to obtain the telephone number for your region: <http://www.nortel.com/help/contact/global/index.html>.

Getting help from a specialist by using an Express Routing Code

To access some Nortel Technical Solutions Centers, you can use an Express Routing Code (ERC) to quickly route your call to a specialist in your Nortel product or service. To locate the ERC for your product or service, go to: <http://www.nortel.com/erc>

Getting help through a Nortel distributor or reseller

If you purchased a service contract for your Nortel product from a distributor or authorized reseller, contact the technical support staff for that distributor or reseller

Introduction

The information in this document summarizes compatibility for software releases and individual hardware products for Nortel Communication Server 1000 and Meridian 1 systems.

Subject

This technical document provides an overview of the Communication Server 1000 library. It lists the library's contents and explains how the library is organized.

The Library Reference contains the following chapters:

- *Introduction* : Provides background information on the Communication Server 1000 library and its components, including information on order numbers.
- *Documentation changes for CS 1000 Release 5.5* : Provides a list of the technical documents introduced in CS 1000 Release 5.5 and a list of technical documents renumbered and with title changes in CS 1000 Release 5.5.
- *Library packages* : Provides information on the documents contained in the CS 1000 Release 5.5 library packages, including technical document numbers, and issue numbers.
- *CS 1000 Release 5.5 technical document library listing* : Provides a detailed listing of the technical documents contained in the CS 1000 Release 5.5 library.
- *User Guide and Quick Reference Card listing* : Provides a list of the available User Guides and Quick Reference cards.
- *Merged/retired technical documents* : Provides a listing of all technical documents that have been merged or retired, up to and including CS 1000 Release 5.5.

Note on legacy products and releases

This technical document contains information about systems, components, and features that are compatible with Nortel Communication Server 1000 Release 5.5 software. For more information on legacy products and releases, click the Technical Documentation link under Support & Training on the Nortel home page: <http://www.nortel.com/>.

Applicable systems

This document applies to the following systems:

- Communication Server 1000E (CP PII, CP PIV and CP PM)
- Communication Server 1000M Single Group (CS1000M SG) CP PII
CP PIV
- Communication Server 1000M Multi Group (CS1000M MG) CP PII CP
PIV
- Meridian 1 PBX 11C Chassis
- Meridian 1 PBX 11C Cabinet
- Meridian 1 PBX 61C CP PII, CP PIV
- Meridian 1 PBX 81C CP PII, CP PIV

Note: When upgrading software, memory upgrades may be required on the Signaling Server, the Call Server, or both.

System migration

When particular Meridian 1 systems are upgraded to run CS 1000 and configured to include a Signaling Server, they become CS 1000M systems. [Table 1 "Meridian 1 systems to CS 1000M systems" \(page 10\)](#) lists each Meridian 1 system that supports an upgrade path to a CS 1000M system.

Table 1
Meridian 1 systems to CS 1000M systems

This Meridian 1 system	Maps to this CS 1000M system
Meridian 1 PBX 11C Chassis	CS 1000E
Meridian 1 PBX 11C Cabinet	CS 1000E
Meridian 1 PBX 61C	CS 1000M Single Group
Meridian 1 PBX 81C	CS 1000M Multi Group

Intended audience

This document is intended for individuals responsible for administering CS 1000 and Meridian 1 systems.

Conventions

Terminology

In this document, the following systems are referred to generically as "system":

- Communication Server 1000M (CS 1000M)
- Meridian 1

The following systems are referred to generically as "Small System":

- Meridian 1 PBX 11C Chassis
- Meridian 1 PBX 11C Cabinet

The following systems are referred to generically as "Large System":

- Meridian 1 PBX 61C CP PII, CP PIV
- Meridian 1 PBX 81C CP PII, CP PIV

Related information

This section lists information sources that relate to this document.

CD-ROM

To obtain Nortel documentation on CD-ROM, go to www.nortel.com/contactus.

Introduction

Contents

This section contains information on the following topics:

"About Nortel documentation" (page 13)

"Document numbering system" (page 13)

About Nortel documentation

Nortel produces documentation that contains information about its products and services. Groups of technical documents pertaining to a specific product are organized into libraries.

Note: You can order the *Nortel Enterprise Multimedia Documentation* on a CD-ROM.

Document numbering system

Technical Document number

An technical document number is a number assigned to a document for identification purposes. Technical Document numbers have the following format: NN-ABBBB-CDD. Where:

- NN — Nortel Networks.
- A — line of business. For example, 4 represents Enterprise.
- BBBB — product code. For example:
 - 3001 references documents that contain Nortel Communication Server 1000 information
 - 3011 references documents that contain Nortel Communication Server 1000M Small System-specific information
 - 3021 references documents that contain Nortel Communication Server 1000M Large System-specific information
 - 3041 references documents that contain Nortel Communication Server 1000E specific information

- C — document function. For example:
 - 1 represents a user guide
 - 3 represents an installation document
- DD — sequential digits

Note: Unlike order numbers, technical document numbers normally do not change with each product or library release.

Category

The specific category that an technical document falls under is defined as follows:

- Basics — Includes library navigation, system overview, and new release information documents.
- Planning and Engineering — Includes tasks specific to planning, designing, and engineering the network (including the hardware and software); the network management system and internetworking products such as determining the right technology for the network; accessing the network performance requirements and understanding hardware and software migration impacts; scheduling and ordering; sales application engineering; implementation planning; and traffic/capacity engineering. It also includes card and cabling descriptions.
- Installation and Commissioning — Includes tasks performed during initial hardware and software installation; initial configuration; testing/commissioning of installation, acceptance, and signoff.
- System Administration and Security — Includes general system administration and security tasks such as creating user accounts and defining and optimizing system security. Includes Optivity Telephony Manager and Element Manager documents.
- Operations — Includes tasks associated with feature and/or application installation, configuration, and activation (including telephones, terminals, consoles, etc.). Includes tasks specific to administering the database, generating reports, and related services.
- Performance and Fault Management — Includes system-generated error messages and traffic information. Includes tasks specific to monitoring and optimizing performance measurements and fault data, troubleshooting and correcting faults and alarms, and responding to performance data such as thresholds, operational measurements, and statistics. Includes tasks specific to performing local and remote fixes. Includes input and output error message documents.

- Upgrades — Includes tasks specific to planning, preparing, and performing physical hardware removal and installation, new software version upgrades (includes removal and installation). It also includes configuration and testing.

Documentation changes for CS 1000 Release 5.5

Contents

This section contains information on the following topics:

"Obsolete content" (page 17)

"Technical documents introduced in CS 1000 Release 5.5" (page 17)

"Technical documents renumbered and/or with title changes in CS 1000 Release 5.5" (page 18)

Obsolete content

The CS 1000 Release 5.5 library does not contain obsolete hardware and software information.

Technical documents introduced in CS 1000 Release 5.5

Table 2 "Technical documents introduced in CS 1000 Release 5.5" (page 17) lists the technical documents introduced in CS 1000 Release 5.5.

Table 2
Technical documents introduced in CS 1000 Release 5.5

Technical Document Number	Technical Document Title
NN43001-120	Subscriber Manager Fundamentals
NN43001-123	Converged Office User Guide — Microsoft Office Communications Server 2007
NN43140-100	IP Phone 1210 Quick Reference Card
NN43140-101	IP Phone 1210 User Guide
NN43141-100	IP Phone 1220 Quick Reference Card
NN43141-101	IP Phone 1220 User Guide

NN43142-100	IP Phone 1230 Quick Reference Card
NN43142-101	IP Phone 1230 User Guide

Technical documents renumbered and/or with title changes in CS 1000 Release 5.5

Table 3 "Technical documents renumbered and title changes in CS 1000 Release 5.5" (page 18) lists the documents that were renumbered or title changed in CS 1000 Release 5.5.

Table 3
Technical documents renumbered and title changes in CS 1000 Release 5.5

Document Number	Technical Document Title
NN43011-110	Meridian 1 Small System Overview
NN43011-220	Meridian 1 Small System Planning and Engineering
NN43011-310	Meridian 1 Small System Installation and Commissioning
NN43011-700	Meridian 1 Small System Maintenance

Library packages

Contents

This section contains information on the following topics:

["Nortel Enterprise Multimedia Documentation CD-ROM" \(page 19\)](#)

Nortel Enterprise Multimedia Documentation CD-ROM

Description:

The Nortel Communication Server 1000 Documentation CD-ROM contains the entire CS 1000 Release 5.5 library. The files on the CD-ROM are in Portable Display Format (PDF). To view PDF files, you must have Adobe Acrobat Reader installed. Nortel recommends that you use a minimum of Adobe Acrobat Reader Release 4.0.

CS 1000 Release 5.5 technical document library listing

Contents

This section contains information on the following topics:

"Detailed technical document listing" (page 21).

Detailed technical document listing

The following tables provide:

- [Table 4 "Technical Document listing \(sorted by Technical Document Title\)" \(page 21\)](#) provides the technical document titles and numbers sorted by technical document title.
- [Table 5 "Technical Document listing \(sorted by Technical Document Number\)" \(page 27\)](#) provides the technical document numbers and titles for CS 1000 Release 5.5, sorted by technical document number.
- [Table 6 "Technical Document listing \(sorted by Technical Document Category\)" \(page 33\)](#) provides the technical document titles, numbers, and issue numbers for CS 1000 Release 5.5, sorted by technical document category. The technical documents listed are available on the Nortel Communication Server 1000 Documentation CD-ROM.

"User Guide and Quick Reference Card listing" (page 39)

User Guide and Quick Reference Card listing

Table 7 "User Guide and Quick Reference Card listing" (page 39) is a listing of currently available telephone and attendant console User Guides and Quick Reference Cards. The User Guides and Quick Reference Cards are available on the Nortel Communication Server 1000 Documentation CD-ROM, and on the Nortel web site.

Note: You cannot order the following documents separately. When you purchase the hardware, Nortel automatically includes the corresponding document with it.

Merged and/retired technical document listing

Contents

This section contains information on the following topics:

"Merged and/retired technical document listing up to and including CS 1000 Release 4.5" (page 45)

"Merged and or retired technical document listing in CS 1000 Release 5.0 and later " (page 62)

Merged and/retired technical document listing up to and including CS 1000 Release 4.5

Table 8 "Merged and or retired technical documentation listing up to and including CS 1000 Release 4.5" (page 45) is a complete listing of all documents that are officially retired, up to and including CS 1000 Release 4.5.

Table 8
Merged and or retired technical documentation listing up to and including CS 1000 Release 4.5

Technical Document Number	Final Issue	Final Issue Date	Technical Document Title	Merge/Retirement Notes
167-2191-200	—	October 1979	Power Distribution Plant J2412a	
167-4201-200	—	August 1977	UT1 Power Description, Installation and Maintenance	
169-2181-200	—	October 1984	J2357D Rectifier	
553-2001-100	4.00	December 1994	Japanese Features and Services	Redundant Content
553-2001-110	2.00	December 1991	SL-1 Telephones and Add-on Modules Description	Replaced by 553-3001-108
553-2001-115	2.00	July 1991	Attendant Console and Add-on Modules Description	Replaced by 553-2201-117

46 Merged and/retired technical document listing

Technical Document Number	Final Issue	Final Issue Date	Technical Document Title	Merge/Retirement Notes
553-2001-187	2.00	December 1991	QPC71 E&M/DX Signaling and Paging Trunk Card Description	Merged with 553-3001-106
553-2001-188	2.00	December 1991	Recorded Telephone Dictation Trunk Cards Description	Merged with 553-3001-105
553-2001-190	2.00	December 1991	QPC237 4-Wire E&M/DX Trunk Card Description	Merged with 553-3001-106
553-2001-191	4.00	December 1995	QPC422 Tone Detector Card Description	
553-2001-225	—	September 1977	Miscellaneous Equipment Cable Connections	
553-2001-325	3.00	December 1994	Transmission Testing Capabilities Description and Operation	
553-2001-450	14.00	January 2002	Traffic Measurement formats and output	Replaced by 553-3001-450
553-2201-117	10.00	January 2002	Attendant Consoles: Description	
553-2201-180	5.00	January 2002	Digital Telephones Line Engineering	
553-2031-253	1.00	August 1990	Converting LE to NT	
553-2031-254	1.00	August 1990	Converting LE to ST	
553-2041-254	1.00	August 1990	Converting A to ST	
553-2051-254	1.00	August 1990	Converting M to ST	
553-2121-253	1.00	August 1990	Converting VLE and XL to XT	
553-2201-110	2.00	December 1991	Meridian M2000 Digital Telephones Description and Specifications	Replaced by 553-3001-108
553-2201-113	2.00	December 1991	Meridian M2317 Telephone	Replaced by 553-3001-108
553-2201-115	2.00	February 1991	Meridian M3000 Touch phone Description and Specifications	Replaced by 553-3001-108
553-2201-116	5.00	December 1992	Meridian Modular Telephones Description and Specifications	Replaced by 553-3001-108
553-2201-151	1.00	August 1990	ST, RT, NT, XT System Engineering	
553-2201-151 Appendix 1	5.00	July 1991	Memory Calculations	Replaced by 553-3001-149

Technical Document Number	Final Issue	Final Issue Date	Technical Document Title	Merge/Retirement Notes
553-2201-151 Appendix 4	—	July 1994	Memory Calculations	
553-2201-152	1.00	September 1986	ST, RT, NT, XT Cutover Procedures	
553-2201-153	2.00	June 1990	ST, RT, NT, XT Equipment Identification	
553-2201-156	—	—	XN, XT Network Module Expansion
