
How to remove nag in PFE Text Generator

Cracker: **stealthFIGHTER**

Target: **PFE Text Generator**

Tools: Resource Hacker v3.2.6.51
Brain

Where: <http://pfeweb.multimania.com/>

Protection: NAG

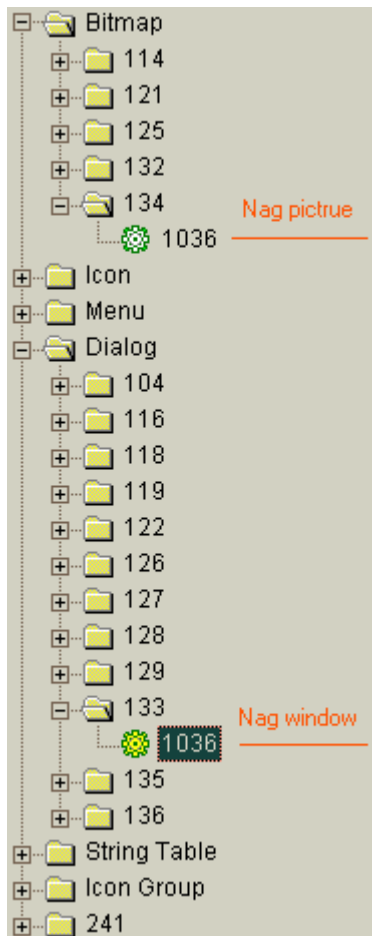

Sorry for my English, it's not my mother language.

Step 1:

=====

Run program >> NAG waits until you click >> remember the picture. Exit program and run Resource Hacker and open **pfe.exe**.
You will see this:

=====

=====

When you click on **Dialog** from menu you'll see number **133** (this is the nag) >> expand it and click on number **1036** >> you should see the NAG >> right click on the **1036** and choose **Delete** [Dialog: 133] from menu. Save pfe.exe and run it again >> no nag.

=====

All done!

=====

=====
