TIME System Operator Training Policy

Any individual who utilizes a TIME System terminal must be trained in the operation of the device, system policies and procedures. Initial training will occur within six months of employment or assignment to a position requiring terminal operation. This training will include a test to affirm the operators’ proficiency and knowledge of Crime Information Bureau (CIB), National Crime Information Center (NCIC), National Law Enforcement Telecommunications System (NLETS), Canadian Police Information Centre (CPIC) and National Insurance Crime Bureau (NICB) policies and procedures.

All terminal operators will be re-tested biennially to reaffirm operating proficiency. The initial level of training should be based on system use. The Crime Information Bureau has designated four levels of training:

**Basic Certification**

Instruction will include TIME System functions of queries to the data files, Criminal History Record Information and administrative messages. These operators must be able to interpret file responses from NCIC, NLETS, CIB, CPIC, and NICB, as well as unsolicited messages such as hit confirmation, and locate notification notices. **Operators must attend Introductory Part 1 training (two days) and successfully pass a written examination.**

**Advanced Certification**

Instruction will include all TIME System terminal functions i.e., record entries, modifications, supplements, cancellations, file queries, and Criminal History Record Information queries. These operators must be able to interpret file responses from NCIC, NLETS, CIB, and CPIC, as well as unsolicited messages such as hit confirmation, NCIC $ messages and quality control notices. **Operators must attend Introductory Part 1 training (two days) and successfully complete an examination; then attend Introductory Part 2 training (two days) within twelve (12) months and successfully complete a take-home project.**
Validation Officer

Instruction will include all the functions of verifying computerized records, to include contacting the Clerk of Court and complainants to determine the activeness of records. Make the proper corrections on quality control notices and serious errors. Validation Officers must have attained the Advanced Certification status.

Mobile Data/Communication Terminal Operator

Instruction will include file queries only. It will not include entries, updates or full criminal history record information. Mobile Data Terminal operators must attend a training class and successfully complete an examination. This class is taught by Agency Assigned Instructors who have received specialized training from the staff of the Crime Information Bureau Training Section.

Recertification

A biennial written or computer based examination for certified operators who have received a Wisconsin Department of Justice Basic, Advanced or Mobile Data certificate for TIME Training.

Inservice

A one-half day annual session held in conjunction with the recertification examination for certified operators. The training will consist of new transactions, new policies and a review of selected current TIME System policy and procedures.

Non-Terminal

Instruction to familiarize non-terminal agency personnel with the liability concerns relating to the State, National and Canadian data files, including criminal history record information. The training includes an explanation of how the computer searches for information, special advisory file printouts and departmental responses.

Time Agency Coordinator/Supervisor Responsibilities

Instruction to familiarize TIME Agency Coordinators with all physical, personnel, computer and communications safeguards and security in compliance with the department of Justice, Crime Information Bureau, National Crime Information Center (NCIC) and National Law Enforcement Telecommunications System (NLETS) rules and regulations. All Wisconsin TIME terminal agencies must have a person designated to serve as a liason between the agency and the Crime Information Bureau. This person is designated as the TIME Agency Coordinator or TAC. The TAC has an important role in ensuring terminal operators are properly trained, certified and re-certified. Instruction to familiarize with the liability concerns relating to the state and national files, Departmental responsibilities dealing with hit confirmation and record keeping are discussed.

REJECTS

DATA FILES/ ADMINISTRATIVE MESSAGES

Reject messages will have a header containing /9999 and an explanation of the invalid data. This explanation will indicate by number what field the error is located in. If an error message needs further clarification, please send an administrative message to terminal “TSCC.” If possible, please include a copy of the error message and indicate what transaction triggered the error.
The following types of **administrative messages** are **PROHIBITED**:

- Announcements of social affairs, retirement parties, labor-management affairs and seasonal goodwill messages such as Christmas/New Year's greetings.

- Messages supportive of or in opposition to political issues, including announcements of meetings relating to such issues.

- Messages supportive of or in opposition to labor-management issues, including announcements of meetings relating to the same.

- Messages supportive of or in opposition to legislative bills.

- Messages related to the advertising of equipment for sale.

- No recruitment of personnel (job opening/interviews).

- No excessively long messages.

- No messages relating to requests for information concerning salary, uniforms, personnel, or related items that can be routinely obtained by correspondence or means other than the TIME System.

- No messages regarding wanted subjects or vehicles if they can be entered into NCIC.

- No solicitation of funds.

- No NLETS training messages that include the name of a company that is providing the training unless the company is not-for-profit and is providing a direct service. Training announcements may be sent via Regional broadcast codes to states in geographic proximity of the sender only.

- Messages not relating to official or authorized business.
ALL POINTS BROADCASTS (APBD’ s)

ALL POINTS BROADCASTS (APBD’ s) MUST HAVE STATE OR NATIONWIDE SIGNIFICANCE TO LAW ENFORCEMENT OFFICIALS

All requests for nationwide or statewide APBD’ s MUST be directed to the TIME System Control Center (TSCC). If your agency needs to request a broadcast in a specific state, send a message to that state's control terminal. An attempt to locate in Canada or Canada-wide broadcast request must be sent to INTERPOL in Washington, D.C. (DCINTER00). If an out-of-state agency contacts your agency requesting a broadcast, refer them to TSCC.

The following APBD regulations will be used to evaluate requests for all points broadcasts. Requests for APBD’ s (state and/or nationwide) will be approved if the message falls within one of the following categories:

1. **DEATH OR AGGRAVATED BATTERY TO LAW ENFORCEMENT OFFICIAL(S) WHEN THE SUSPECT IS AT LARGE.**
   Adequate physical description of suspect and/or vehicle is required. "Adequate" means enough information to recognize the person or vehicle if seen.

2. **FELONIES INVOLVING ARMED OR BELIEVED TO BE ARMED FUGITIVE(S).**
   Adequate physical description of the fugitive and/or vehicle is required.

3. **ESCAPEES FROM CUSTODY.**
   This includes all escapees from: officer custody, city and county jails, prisons, detention homes/centers, work camps and juvenile facilities.

4. **DEATH NOTICES OF ACTIVELY OR FORMERLY EMPLOYED LAW ENFORCEMENT OFFICIALS.**  
   NOTE: In-state APBD' s only may also include public safety officials.

5. **ATTEMPTS TO LOCATE (ATL’ s).**
   - When foul play is suspected or known and is so specified. Adequate physical description of the person and/or vehicle is required.
   - For death or serious illness message delivery **only if the direction of travel is unknown.**  If the direction of travel is known, the requesting agency must send messages to the specific agencies along the route of travel (an AREA/HIGHWAY broadcast may be used under appropriate circumstances).
   - A missing person/runaway will **not** be sent state or nationwide as an attempt to locate. A missing person **must** be entered into the Missing Person File.
6. **FOUND UNIDENTIFIED BODIES OR BODY PARTS.**
   Must be entered into NCIC prior to broadcast request.

7. **INFORMATION THAT HAS STATE OR NATIONWIDE LAW ENFORCEMENT SIGNIFICANCE.**
   - Description of the method of operation (M.O.), requesting information from similar cases; or alerting other agencies of same.
   - Request for information on a person in custody refusing to cooperate by not giving name, etc. The requesting agency can ask for assistance based on the description of the person and circumstances surrounding the case.
   - If the request concerns stolen property that cannot be entered into CIB/NCIC, the list of property items must have state or nationwide significance and be condensed into no more than 15 lines of text. Give general descriptions without listing all of the quantities.
   - Any information that cannot be entered into CIB/NCIC and is pertinent to a criminal investigation that would be of interest to state or nationwide law enforcement agencies.

**NOTE:** IF THERE IS INFORMATION IN THE APBD REQUEST THAT QUALIFIES FOR ENTRY INTO ANY OF THE DATA FILES, THE APBD WILL NOT BE APPROVED UNTIL THE APPLICABLE DATA HAS BEEN ENTERED INTO CIB AND/OR NCIC.

The same categories and rules are to be used when considering an **AREA/HIGHWAY** broadcast, the difference being that the information in the message pertains to a specific area of the state rather than having state or nationwide significance; and the area broadcast can be sent by an individual agency, it is not to be requested through TSCC.

All announcements of **training** being hosted or sponsored by the originating agency must be sent to the broadcast area "TRNG". An agency may transmit up to three training announcements for each training session to be held. The receipt of "TRNG" training broadcasts is entirely voluntary. Your TIME Agency Coordinator (TAC) can request to have terminals added or removed from the "TRNG" broadcast group. Agencies utilizing training broadcasts should closely monitor its use and compliance with this new policy in an effort to make the most efficient use of this valuable resource.
ADMINISTRATIVE MESSAGE FORMAT

HEADER: Consists of Destination Agency Mnemonic, Physical Station Number (PSN) or NCIC Agency Identifier.

ATTENTION LINE: Department, Section or Person the message is directed to. Be specific.

REFERENCE LINE: Used to explain purpose of the message.

TEXT: This is the body of the message. Attempt to keep this portion short and to the point. Avoid the use of ten codes and sayings like "Stop and Advise" or "BOLO". Wanted persons or Stolen Property must be entered into the Data files prior to sending an administrative message pertaining to them.

AUTHORITY LINE: Consists of Name of Authority and Department. When sending an Out-of-State message, include your NCIC Agency Identifier.

OPERATOR: Individual preparing/sending the message.

SAMPLE MESSAGE (RECEIVED)

ADMINISTRATIVE MESSAGE TRANSACTIONS

INSTATE:

SINGLE DESTINATION
- One destination Mnemonic or Physical Station Number (PSN)
- Uses: Message to specific agency or terminal, e.g., "TSCC", "DASO", "1856"
  Message to an AREA/HIGHWAY, e.g., "SCAR", "NWAR"

MULTIPLE DESTINATIONS
- Maximum of ten destination Mnemonics and/or PSN's
- Uses: Message to multiple specific agencies
  Message to multiple AREAS/HIGHWAYS, up to 8.

SINGLE DESTINATION TO NON-TERMINAL AGENCY
- One destination NCIC Agency Identifier
- Use: Message is routed to the agency that handles TIME system functions for
  the non-terminal agency.

OUT-OF-STATE:

MULTIPLE DESTINATIONS
- Maximum of ten Destination NCIC Agency Identifiers
- Use: Message to specific out-of-state (including Canadian) agencies.

COMBINATION IN-STATE AND OUT-OF-STATE/CANADA

MULTIPLE DESTINATIONS
- Maximum of ten destination Mnemonics, PSN's and NCIC Agency Identifiers.
- One In-State and one Out-of-State or Canadian destination required.
- Use: Message to In-State and Out-of-State and/or Canadian agencies, e.g., Attempt
  Locate in Superior, WI (SUPD), Duluth, MN (MN0690600) and Toronto, Ontario
  (ON3057000).

NLETS STATES/REGIONS AND CANADIAN PROVINCES

MULTIPLE DESTINATIONS
- Maximum of five two-character state, region or Canadian destinations.
- Message is routed to Control Center of specified state(s) or Canada.
- Uses: APBD request to specific state(s) (not including Canada). Request for
  additional information. Assistance in interpretation of records

NLETS REGIONS

NLETS has divided the states, possessions and territories of the U.S. into eight regions. When a region code is used, the message will be directed to the State Control Center of each of the states within that region. The Control Center will then direct the message to the proper terminals. Requests for APBD’s can be sent to regions. Region codes may also be used (instead of two character state codes) for driver's license queries by name, sex, race and date of birth and vehicle registration queries by vehicle identification number or license plate number.

NOTE: A license plate query containing a region code in the License Plate State Field will be rejected by NCIC for stolen status. Each state registration file within the region will respond with a positive or negative response. Once the State of registration is determined it should be re-queried to NCIC to check stolen status.
INSTATE MANUAL TERMINALS

Normal business hours are Monday-Friday 7:45 a.m. to 4:30 p.m.

*After hours emergency requests, send to the State Patrol District in your area.
**NLETS HELP FILES**

The HELP Files are computerized informational messages prepared and updated by each state and housed at the NLETS computer. They advise the fields and codes required to access records in the different files, as well as provide an explanation and sample of how the files work and the output received. There are seven HELP Files that can be accessed by using the appropriate file destination.

1. **XXOLNHELP** - DRIVER’S LICENSE INFORMATION
2. **XXLICHELP** - VEHICLE REGISTRATION INFORMATION
3. **XXBASHELP** - BOAT AND SNOWMOBILE INFORMATION
4. **XXSI RHELP** - CRIMINAL HISTORY RECORD INFORMATION
5. **NLOLNHELP** - STATES PROVIDING AUTOMATED DRIVER LICENSE RECORDS
6. **NLSIRHELP** - STATES PROVIDING AUTOMATED CRIMINAL HISTORY RECORDS
7. **NXWTHHELP** - STATES PROVIDING AUTOMATED ROAD/WEATHER INFO

(The **XX** at the beginning of the file destination/ORI should be replaced with the two character state code of the state being queried.)

**NLETS STANDARD ORI's**

The following are manned terminals in each state that can be accessed when requesting additional information, explanations or copies of records. These terminals may be accessed by administrative message, using the appropriate NLETS Standard ORI as the destination:

1. **XXOLN0000** - DRIVER’S LICENSE RECORD INFORMATION
2. **XXLIC0000** - VEHICLE REGISTRATION INFORMATION
3. **XXVIN0000** - VEHICLE IDENTIFICATION NUMBER INFORMATION
4. **XXBOAT0000** - BOAT REGISTRATION INFORMATION
5. **XXSNOW0000** - SNOWMOBILE REGISTRATION INFORMATION
6. **XXSI R0000** - CRIMINAL HISTORY RECORD INFORMATION
7. **DCFBI WA00** - NCIC CONTROL
8. **DCI NTER00** - INTERPOL (Washington, D.C.)
9. **ONL005900** - CPIC CONTROL/INTERPOL (Ottawa, Canada)

(The **XX** at the beginning of the ORI should be replaced with the two character state code.)
# PERSON QUERIES

**QUERY ON:**

| Last Name, First Name, Middle Name or Initial, Sex, Race, Date of Birth | DOT, CIB, NCIC |
|.Driver’s License Number | DOT, CIB, NCIC |
| *If sent out-of-state | NLETBS |
| Social Security Number | CIB, NCIC |
| Miscellaneous Number | CIB, NCIC |
| State Identification Number | CIB |
| FBI Number | CIB, NCIC |
| System Identification Number | CIB |
| NCIC (NIC) Number | NCIC |

*Wisconsin DOT will not be searched, and a NLETS Region Code is not allowed for this transaction.*

**Public Release Access:** DOT information obtained via the TIME System is for law enforcement purposes only and not to be released to the general public. Certain driver file information is confidential and protected by state and federal law. Severe penalties may be imposed for disclosing this type of information to a person or persons not specifically identified in the law. The Federal Driver Privacy Protection Act (DPPA) of 1994 became effective in Wisconsin on April 13, 2000. On June 9, 1998, the DPPA was found to be unconstitutional in our state, but on January 12, 2000, the United States Supreme Court reversed that decision. At that time, Wisconsin and other states named in the law suit were ordered to implement DPPA on or before April 13, 2000. The DPPA prohibits disclosure of "personal information" about any individual obtained by the Division of Motor Vehicles in connection with a motor vehicle record. For more details or questions regarding this law agencies should call DOT at (608)266-2064 or E-mail to "russell.wight@dot.state.wi.us"
SEARCH TECHNIQUES

Query on: SMITH/JOHN/JOSEPH, MALE/WHITE, 01/01/50

CIB
Soundex on Last Name and First Name
Exact match on Sex
Date of birth plus or minus three years

NCIC
Soundex on Last Name
NOTE: Last names that may contain a separator (space or hyphen) should be queried with all combinations.

Examples:
Van Rixel
Van-Rixel
VanRixel

Exact match on Sex
Exact match on month and day of birth, one year on either side of year of birth
NOTE: If the person is suspected of being a terrorist member and if no record is produced the same query should be conducted using the default DOB of 09/11/1911. Discretion should be used in making a determination as to whether the individual in question is in fact the subject of an NCIC record.

Exact match on Race (Unless "U" race code is used)

DOT
Converts the Last Name, First Name, Middle Initial, Sex and Date of Birth to the Driver’s License Number. Search is conducted on the first three segments of the Driver’s License Number.
The following is the formula of a driver license number for John Q Citizen, male and born May 6, 1950.

License number is C325-4755-0166-01.

Monday-Friday  8a-4p  Kent Buehler  608-266-2266

OTHER HELPFUL DOT NUMBERS

Normal business hours are Monday-Friday 7:45 a.m. to 4:30 p.m.

Driver’s license record information:

DL Records:  608-266-2353
OAR/OAS DL Records:  608-266-2261
**FULL DRIVERS RECORDS**

The TIME System includes inquiries of summary and full drivers records. A summary record contains all the identifying information including without the driver's violation record. When you query a Wisconsin driver's record you automatically receive a full driver's record from Wisconsin DOT. Full driver's records are available from other states if you request them using the appropriate transaction.

Help file "NLOLNHELP" will provide a listing of all fifty states indicating if they support the full driver's record inquiry. Some states support the full record query by name, sex, race and date of birth or drivers license number only. The Help file will advise you of the particular requirements for each state.

**NOTE:** If a state does not support the full driver's record inquiry you may receive a "NO RECORD" response from that state. CIB recommends a query of the summary driver's record then follow-up by a full driver's record query.

DEPORTED FELON FILE

The criteria used for entry into the Immigration and Naturalization Service (INS) Deported Felon File (DFF) are listed below. INS Headquarters is the only agency authorized to enter and maintain records in the DFF. Before a record is entered into this File, an alien must meet the following criteria:

1. Must be a convicted felon who has been deported for drug trafficking, firearms trafficking, or serious violent crimes.
2. Must be a citizen and/or national of a contiguous territory\(^1\) or an adjacent island\(^2\).

DEPORTED FELON FILE RECORD

NCIC 14295 9 MM/DD/YY 11:27 01 OF 01

WARNING SUBJECT OF NIC/N994377148 IS A PREVIOUSLY DEPORTED CRIMINAL ALIEN. FEDERAL LAW 8 USC 1252C PROVIDES, IF PERMITTED BY STATE AND LOCAL LAW A STATE OR LOCAL LAW ENFORCEMENT OFFICIAL MAY ARREST AND DETAIN THE SUBJECT BUT ONLY AFTER THE ALIEN'S STATUS IS CONFIRMED WITH INS. IF PERMITTED WITHIN YOUR JURISDICTION, OR IF SUBJECT HAS BEEN ARRESTED OR DETAINED ON OTHER GROUNDS, CONTACT (877) 999-5372 TO CONFIRM HIT. IF SUBJECT IS BEING RELEASED, OBTAIN ADDRESS, VEHICLE LICENSE, AND ANY OTHER DOCUMENT INFORMATION FORWARD TO INS VIA NLETS AT ORI VTINS1000.

VIOLENT GANG
TERRORIST ORGANIZATIONS FILE

The Violent Gang and Terrorist Organization File (VGTOF) was designed to provide identifying information about violent criminal gangs/terrorist organizations and their members to law enforcement. This information will warn law enforcement officers of the potential danger posed by violent individuals and promote the exchange of information about the organizations and members to facilitate criminal investigations. Because VGTOF information is not subject to independent judicial review, strict adherence to policy on the use/dissemination of VGTOF information is necessary. VGTOF information is only for the use of criminal justice agencies for criminal justice purposes. In no case should VGTOF information be disseminated to any non-criminal justice agency. The security measures accorded criminal history record information should be followed with respect to the VGTOF information contained therein.

The VGTOF is composed of two major components. The Group Member Capability provides information in a format similar to the Wanted Person File records about individual members. This is accessed by VGTOF inquiry, automatic cross-search with every Wanted/Missing Person inquiry and/or by an off-line search. The Group Reference Capability provides information about gangs or terrorist organizations. This is accessed by individual VGTOF inquiry and/or by an off-line search.

VGTOF
WARNING - STANDING ALONE, NCIC VIOLENT GANG AND TERRORIST ORGANIZATIONS FILE INFORMATION DOES NOT FURNISH GROUNDS FOR THE SEARCH OR SEIZURE OF ANY INDIVIDUAL, VEHICLE OR DWELLING

Wisconsin Statutes have been amended to require the clerk of the circuit court to send a copy of certain temporary restraining orders and injunctions to the sheriff (or other appropriate law enforcement agency) within one business day of issuance. The clerk is required to provide information concerning the effective period of the temporary restraining order/injunction and information necessary to identify the respondent and petitioner. The law enforcement agency is required to enter the information into the TIME system no later than 24 hours after receiving the information from the clerk. Domestic abuse, child abuse, and harassment temporary restraining orders and injunctions are required to be reported. The TIME system will allow, optionally, any other temporary restraining order or injunction to be entered where the information serves a legitimate law enforcement purpose.

Law enforcement agencies are able to query this file when responding to calls. The additional information provided through the file response could affect the way the officer handles the call.

Wisconsin law also prohibits some persons who are affected by a temporary restraining order/injunction from possessing a firearm. The POIF file will be checked by the Department of Justice, Handgun Hotline whenever a person attempts to purchase a handgun. If DOJ’s Handgun Hotline staff find a temporary restraining order/injunction is on file, they will deny the transfer of a handgun and advise the entering agency of the attempt to purchase.

File responses will provide information on the petitioner (person requesting order of protection) and respondent (person who the order restrains from committing certain acts). The response will also indicate whether the order or injunction has been served upon the respondent. A miscellaneous remarks field allows the entering agency to indicate specific conditions of the order or other officer safety information. Further information on the conditions of the order may be obtained from the listed ORI.

NOTE: If the POIF record contains a petitioner's name, sex and date of birth, it is a searchable group of fields in NCIC only. The petitioner's data is not searchable in CIB.

NCIC PROTECTION ORDER FILE

Protection orders are issued to prevent acts of violence against a person or to prevent a person from stalking, intimidating, or harassing another person. The types of protection orders issued and the information contained in them varies from state to state. The NCIC Protection Order File contains fields and identifiers that vary from the current Wisconsin Protection Order/Injunction File. A complete list of identifiers can be found in the appendix at the end of this handout.

***** END OF SEXUAL OFFENDER REGISTRY INFORMATION *****
WI SEX OFFENDER REGISTRATION FILE

The Wisconsin Department of Corrections maintains an automated file on Sex Offenders. The sex offenders must be registered for 15 years from the expiration date of the individual’s sentence. The file will not purge the records at the end of the 15 years but will be available to law enforcement investigations indefinitely. Questions pertaining to the Sex Offender Registration file or Terminal Responses should be directed to the SEX OFFENDER REGISTRANT PROGRAM, Monday -Friday 608-240-5832. Normal business hours are 7:30 AM – 4:30 PM. The State of Wisconsin Department of Corrections Sex Offender Web site for law enforcement agencies and officials is: http://le-sor.doc.state.wi.us/static/home.html.

--- DESCRIPTION ---
WHAT IS HIT CONFIRMATION?

Confirming a hit means to contact the agency that entered the record to:

1. Ensure that the person or property inquired upon is identical to the person or property identified in the record
2. Ensure that the warrant, missing person report, protection order or theft report is still outstanding, and
3. Obtain a decision regarding the extradition of a wanted person when applicable, information regarding the return of the missing person to the appropriate authorities, information on the conditions of a protection order or information regarding the return of stolen property to its rightful owner.

FIVE STEPS IN HIT CONFIRMATION

1. Check the computer results with the original query:
   - Ensure you are within any geographic restrictions listed on warrant entry.
   - Ensure subject or item is in custody.
2. Check with the requesting person for additional information that may be included in, or may clarify the hit.
3. Check with the ORI to verify the record (10 Minute/1 Hour Hit Confirmation Rule):
   The ORI of the record must furnish a substantive response within the designated time frame, i.e., a positive or negative confirmation or notice of the specific amount of time necessary to confirm or reject.
   - Urgent: Means the Hit must be confirmed or receipt of the request acknowledged within 10 minutes. Used in those instances where the hit is the only basis for detaining the suspect or the nature of a case requires urgent confirmation of a hit.
   - Routine: Means the hit must be confirmed or receipt of the request acknowledged within 1 hour. Generally this priority will be used when the person is being held on local charges, property has been located under circumstances where immediate action is not necessary, or an urgent confirmation is not required.
4. Obtain hard copy documentation from the ORI on the results of the hit confirmation request.
5. Query all identifiable data not queried originally.

CRIMINAL HISTORY RECORD INFO

The Criminal History Record Information (CHRI) program provides for the exchange of criminal history information intrastate and interstate.

The following procedures have been adopted by the National Law Enforcement Telecommunications System (NLETS) and comply with the U.S. Department of Justice Rules and Regulations (Title 28) affecting the interstate exchange of criminal history record information. The use of Administrative Messages for requesting and sending criminal history record information is a policy violation. Specific CHRI formats are to be used for this type of information exchange. Not all criminal history records are automated; some responses may be manually returned or sent via the U.S. mail.

The following NLETS policies apply to all Wisconsin Law Enforcement Agencies:

1. All agencies requesting CHRI shall insure that proper controls are established such that only authorized criminal justice agencies and personnel can access CHRI.

2. All agencies requesting CHRI shall insure that all authorized criminal justice agencies and personnel having access to the TIME system shall utilize specific formats for CHRI requests.

3. All agencies providing CHRI shall insure that all personnel adhere to the approved operational procedures required for responding to CHRI requests.

4. All agencies shall insure that requests for CHRI, and responses to requests for CHRI, are for legitimate purposes.

5. All agencies requesting CHRI or responding to requests for CHRI shall comply with U.S. Department of Justice Rules and Regulations as they relate to completeness, accuracy, and the dissemination of CHRI.

6. All agencies shall comply with the policies and procedures for the interstate exchange of CHRI as set forth in this section.

7. Any electronic device that uses wireless or radio technology to transmit data may be used for the transmission of criminal history record information when an officer determines there is an immediate need for this information to further an investigation or there is a situation affecting the safety of an officer or the general public. (This may include radios, fax machines, etc.)

8. A facsimile machine may be used to transmit CHRI information provided that both agencies involved have an Originating Agency Identifier (ORI) authorized to receive criminal history information. The facsimile machine must be located in a secure area. As not all facsimile machines are monitored continually, the receiving agency should be notified prior to transmitting the information. This will ensure proper retrieval of information.
20.33 Dissemination of criminal history record information

(a) Criminal history record information contained in any Department of Justice criminal history record information record system will be made available.

(1) To criminal justice agencies for criminal justice purpose, which purposes include the screening of employees or applicants for employment hired by criminal justice agencies;

(2) To Federal agencies authorized to receive it pursuant to federal statute or Executive order.

(3) For use in connection with licensing or employment, pursuant to Public Law 92-544 (86 stat. 1115) or other federal legislation, and for other uses which dissemination is authorized by federal law.

(4) For issuance of press releases and publicity designed to effect the apprehension of wanted persons in connection with serious or significant offenses.

(5) To criminal justice agencies for the conduct of background checks under the National Instant Criminal Background Check System (NICS).

(6) To criminal justice agencies performing criminal justice dispatching functions or data processing/information services for criminal justice agencies.

(b) The exchange of criminal history record information authorized by paragraph (a) of this section is subject to cancellation if dissemination is made outside the receiving departments or related agencies, or service providers identified in paragraphs (a)(6) & (a)(7) of this section.

(c) Nothing in these regulations prevents a criminal justice agency from disclosing to the public factual information concerning the status of an investigation, the apprehension, arrest, release or prosecution of an individual, the adjudication of charges, or the correctional status of an individual, which is reasonably contemporaneous with the event to which the information relates.

(d) Criminal history records received from any Department of Justice criminal history record information record system shall be used only for the purpose requested and a current record should be requested when needed for a subsequent use.

20.21(e) Audit. Insure that annual audits of a representative sample of State and local criminal justice agencies chosen on a random basis shall be conducted by the State to verify adherence to these regulations and that appropriate records shall be retained to facilitate such audits. Such records shall include, but are not limited to, the names of all persons or agencies to whom information is disseminated and the date upon which such information is disseminated.
"CHRI" PURPOSE CODES

CODE C  CRIMINAL JUSTICE/LAW ENFORCEMENT PURPOSES
Acceptable by III and CIB. Adult and juveniles records will be supplied.

Used for official duties in connection with administration of criminal justice. The term “administration of criminal justice” is defined as the performance of any of the following activities: detection, apprehension, detention, pretrial release, post-trial release, prosecution, adjudication, correctional supervision, or rehabilitation of accused persons or criminal offenders.

Purpose code C may also be used in situations that are not part of a criminal justice investigation, but the law enforcement agency may request a criminal history record check using purpose code C when:

The security of the criminal justice facility:

1. Vendors or contractors at the criminal justice agency who are NOT involved with the actual administration of criminal justice at the criminal justice agency, e.g. carpet cleaner, individuals responsible for maintaining vending machines, janitors, cooks, etc.
2. Volunteers at the criminal justice agency who are NOT involved with the actual administration of criminal justice at the criminal justice agency, e.g., participants in community ride along programs, volunteers at a confinement facility who are providing social or community services rather than rehabilitative services etc.
3. Confinement facility visitors.
4. Inmates of a confinement facility.
5. Inmates’ mailing lists.

A domestic violence investigation conducted by a law enforcement agency. This III inquiry is in reference to agency use only. Purpose code D below provides information on court-related inquiries.

CODE D  DOMESTIC VIOLENCE AND STALKING
Acceptable by III and CIB. CIB will return only adult records. III will return information in record that has not been sealed by the contributing state.

Civil or criminal courts involved in domestic violence or stalking cases (civil courts are issued a NCIC Agency Identifier with the letter D in the eight position of the identifier).

Law enforcement agencies providing an III record to a criminal or civil court for a domestic violence hearing. (This III inquiry is in reference to court use only. Purpose code C above provides information on inquiries by law enforcement agencies.)
**CODE H  PUBLIC HOUSING APPLICANTS**
Acceptable by the Interstate Identification Index (III) and CIB. CIB will return only adult records. III will return an identification response only.

The Public Housing Authority (PHA) must submit a fingerprint card to the FBI to obtain the complete record. It is used to check the suitability of applicants for public housing under the authority of the Housing Opportunity Extension Act of 1996.

**CODE J  CRIMINAL JUSTICE EMPLOYEE APPLICANT CHECKS**
Acceptable by III and CIB. Adult and juvenile records will returned.

This purpose code is used to initiate background checks of agency personnel as well as the following:

Vendors or contractors at the criminal justice agency who **ARE** involved with the actual administration of criminal justice at the criminal justice agency, e.g., personnel involved with maintenance of computer systems, upgrading records system, data entry clerk, etc.

Volunteers at the criminal justice agency who **ARE** involved with the actual administration of criminal justice at the criminal justice agency, e.g., volunteer dispatcher, volunteer data entry clerk, volunteers at a confinement facility who are providing inmate rehabilitation, etc.

**CODE E  AUTHORIZED EMPLOYMENT OR LICENSING PURPOSES**
Acceptable by **CIB only**. Adult records only will be returned. Authorized means that the criminal history inquiry is required by state statute, local ordinance or federal regulation.

$CIB will charge a fee per each inquiry pursuant to ss. 165.82.

**ATTENTION LINE/REASON FOR REQUEST**
Include the name of the specific individual the segment/record will be given to, e.g., Lt Smith, Officer, Jones, DA Johnson.

**RELEASE OF "CHRI"**
A secondary dissemination log must be created for III and State of Wisconsin CHRI records and be maintained for one year from the date of inquiry. This log shall be completed whenever a record is transferred to another criminal justice agency or an individual within another criminal justice agency, or to anyone legally entitled to receive such information who is outside the original receiving agency. This log shall include the name of the individual within the criminal justice agency to who the response is given.
OUT-OF-STATE "CHRI" ISSUES

Many state and local agencies by statute will not respond to valid "CHRI" request with Purpose Code "E", "D" or "H". Always check that state's "SIR" Help File for the most current status. Each state may also require different minimum combinations of data. All, however, require purpose code and attention line.

RECEIVING "CHRI" MESSAGES

When receiving a valid "CHRI" request, it is best to acknowledge the receipt of that message advising when the response will be sent.

ACCESS TO FBI CHRI (III)

The III shall not be used to access a record to be reviewed and/or challenged by the subject of the record. If an individual has a criminal record maintained by the FBI and that record has been entered in the III, it is available for review, upon presentation of appropriate fee and identification (which includes a set of rolled fingerprint impressions, name, date and place of birth). A written request must be submitted to:

Federal Bureau of Investigation
CJIS Division
ATTN: SCU, Module D-2
1000 Custer Hollow Rd.
Clarksburg, WV 26306-0171

ACCESS TO WI CHRI

On January 1, 1983 the Open Records Law, ss. 19.35(1), went into effect allowing requestors the ability to access adult criminal record files. Information received via the TIME system is not to be disseminated to non-criminal justice entities. The Department of Justice is required to charge a fee to record check requestors for criminal history searches for purposes other than criminal justice. Each request is to be submitted on the appropriate Identification Record Request form and all requests must include a self addressed stamped envelope for the results to be returned

Mail to:

Wisconsin Department of Justice
Crime Information Bureau-Record Check Unit
17 West Main Street
PO BOX 2688
Madison, WI 53701-2688

Subjects with a large volume of record check requests may wish to use the Department of Justice's internet application, INTCH, http://wi-recordcheck.org to access the results of record checks. A valid account code and personal identification number (PIN) are required.
INTERSTATE IDENTIFICATION INDEX

III is an automated index on persons with criminal records. III provides access to FBI identification segments and criminal records. A single state agency in each state is responsible for providing the state’s records. For states without the ability to provide records for III, the FBI will provide the information from its automated files. Criminal justice agencies can use this information for law enforcement purposes, e.g. criminal investigations, bond setting, charging determinations, sentencing and criminal justice employment. Criminal records obtained through III can not be used for licensing or employment purposes. III queries can be made for gun licensing if required by State Statute or local ordinance.

III is changing the management of the country’s criminal history records systems from a centralized database managed by the FBI to a decentralized system where the detailed record information resides in the states. The III index points to the criminal history record residing either in the FBI or the particular state(s) holding the information. This decentralized system promotes the use of state records, which are more complete, and reduces the FBI workload in maintaining and disseminating the records. Not all states are III participants. In December 1999, Wisconsin became a participating III State and began contributing Criminal History Records to the Interstate Identification Index. These records are based on arrest fingerprint cards submitted by arresting agencies within the state. All records with an arrest date after 11-01-99 will be the responsibility of the Wisconsin Crime Information Bureau. For an updated list of III participating states see the appendix.

An initial query of III is made to determine the existence of an record. The FBI computer searches its database and returns a list of possible ident segments relating to your request. The segments contain physical identifiers, additional numeric data and aliases. Upon determining an segment is related to the person in question, a second transaction is necessary to obtain the criminal record. The ident segment will indicate the location of the record and how to access it.

The FBI maintains criminal fingerprint cards on over 34 million individuals: of these, over 29 million are indexed in III. Persons born prior to 1956 may not be part of III. However, if the individual was arrested for the first time on or after July 1, 1974, he or she will be part of III regardless of year of birth. Furthermore, a number of older records have been added to the automated system based on various criteria established by the FBI. To have a record, a fingerprint card must have been submitted to the FBI. In addition there may be records maintained at the local or state level for which arrest fingerprint cards are not on file with the FBI. When an individual reaches the age of 99 the III record is removed. With all FBI criminal history manual searches an individual’s record is removed if the individual was born prior to 1929.

III can benefit an agency in several ways. Prior to the entry of a warrant or missing person record, a III check can provide additional information on the subject. This information (aliases, scars, dates of birth, social security numbers) should be added to the warrant and missing person record entries. Criminal records can provide leads as to the whereabouts of an individual.

Agencies are encouraged to adopt a policy of routinely running criminal history checks on any individual arrested or taken into custody. Queries will result in an agency learning of previous arrests. Prior to using any information received from III, agencies must determine that the individual identified in the segment or record is the same person inquired upon.
INTERSTATE IDENTIFICATION INDEX

INQUIRIES

There are five ways to query the Interstate Identification Index. **PURPOSE CODE** and **ATTENTION LINE** are required with any of the following combinations:

1. NAME  
   SEX/RACE  
   DATE OF BIRTH
2. NAME  
   SOCIAL SECURITY #
3. NAME  
   MISC #
4. NAME  
   STATE IDENTIFICATION #
5. NAME  
   FBI #

SEARCH TECHNIQUES

III utilizes different search techniques than the NCIC Warrant/Wanted and Missing Person File.

NAME

Soundex on last name, first name and middle name (if used)

**NOTE:** Last names that may contain a separator (space or hyphen) should be queried with all combinations.

Examples:  Van Rixel  
           Van-Rixel  
           VanRixel

SEX/RACE

Exact match on sex  
Race is not used

DATE OF BIRTH

Exact match on month and day of birth  
Three years either side of the year of birth
NEGATIVE RESPONSE FOR DOB PRIOR TO 1956:

/0794 1692
NCIC 112280 13 MM/DD/YY 14:16 01 OF 01
NL01169200112280
WI0130000

NO IDENTIFIABLE RECORD IN NCIC INTERSTATE IDENTIFICATION INDEX (III) FOR NAM/CHUHAK, GERALD J. DOB/19551023. SEX/M. RAC/W. PUR/C.
NOTICE -- A LARGE NUMBER OF RECORDS FOR PERSONS BORN PRIOR TO 1956 ARE NOT AUTOMATED AT THE FBI. IF A SEARCH OF NONAUTOMATED FILES IS DESIRED, A FINGERPRINT CARD SHOULD BE SUBMITTED.
END

NEGATIVE RESPONSE FOR DOB OF 1956 OR LATER:

/0794 1692
NCIC 113420 14 MM/DD/YY 14:21 01 OF 01
NL01169200113420
WI0130000

NO IDENTIFIABLE RECORD IN NCIC INTERSTATE IDENTIFICATION INDEX (III) FOR NAM/MARKS, TIMOTHY P. DOB/19750927. SEX/M. RAC/W. PUR/C.
END

LENGTH: 10 MONTHS

***END OF RECORD***
These transactions require the individual’s name, sex/race, date of birth, purpose for the inquiry and name of requestor. In addition to searching the CIB criminal history database, this transaction will also produce responses from the following files.

- Wisconsin/Out-of-State Driver’s License
- NCIC/CIB Warrant/Wanted/Missing Person
- Wisconsin Department of Corrections

The search techniques for this transaction use strict parameters. To eliminate multiple near hits, the search criteria will produce **just one record** or a **no record** response. It is for this reason CIB does not recommend this transaction for records, communication, or jail staff inquiries.

The search techniques for the DOT Driver’s and NCIC/CIB Warrant/Missing Person files will not change from what is currently used for all other transactions. Multiple near hits will still be possible.

The only authorized purpose code is **C - Criminal Justice Purposes**. The attention line must include the name of the specific individual requesting the information, e.g., Officer Smith, Lt. Jones.

To obtain the Wisconsin summary criminal history:

CANADIAN FILES

PERSON QUERIES

REQUIRED FIELDS:

*For Manitoba, Newfoundland, New Brunswick, Nova Scotia, Northwest Territories, Prince Edward Island, Saskatchewan and Yukon Territory:

- Last Name, First Name, Sex, Race,
- Date of Birth, Driver's License #,
- Reason for Query, In-Sight, Province

FILES SEARCHED:

- CIB, NCIC, DOT,
- NLETS

For Alberta, British Columbia, Ontario and Quebec:

- Last Name, First Name, Sex, Race,
- Date of Birth, Reason for Query, In-Sight
- Province

FILES SEARCHED:

- CIB, NCIC, DOT,
- NLETS

When a query is received in Canada, it is forwarded on to two separate systems: the "R.O. System", which is the comparable "D.O.T"; and the CPIC (Canadian Police Information Centre) System, which is the comparable NCIC. Therefore, you will receive two responses from Canada.

The R.O. System responses will vary in format, depending on the Province it was sent to, (in the same manner that different state's have different formats in the U.S.). The CPIC System includes a variety of records, some not normally available from NCIC.

* These Canadian provinces do not have automated drivers license files. You will be provided notification of the general status of the driver's license by CPIC (for example: Normal, inactive, unlicensed). Additional information (ht., wgt., address, etc.) may be obtained by sending an administrative message to the provincial licensing authority.
CPIC STATUS DEFINITIONS:

WANTED (WANT)
This refers to a person who is arrestable and/or for whom a warrant has been issued. Persons wanted by Provincial, Canada-wide and extraditable warrants are recorded in this file.

CHARGED (CHGD)
This refers to a person against whom legal proceedings have commenced in relation to a criminal code offense or an offense under a Federal statute, who is awaiting final disposition, including any appeal, and for who a warrant to arrest is not in force for that offense.

PROHIBITED (PROHIB)
This refers to a person against whom an Order of Prohibition is in effect with regard to liquor, firearms, vehicle driving (and boat operation), hunting or any other court or statute-imposed prohibition.

NOTE: Individuals with revoked/suspended licenses will be returned as this type of record by CPIC.
Exception: British Columbia will not provide this status info.

PAROLEE (PAROL)
This refers to a person who has been convicted of a criminal offense and has been released on:

- Parole
- Day Parole
- Life Parole
- Mandatory Supervision
- Temporary absence over 24 hours from a federal penitentiary

PROBATION (PROB)
This refers to a person who has been convicted or found guilty of an offense and:

- has been given a suspended sentence or conditional discharge under section 736(1) CC, or
- has been released on probation, or
- has been placed on peace bond, recognizance or restraining order, or
- is a young offender who is in "open custody".
**REFUSED (REF)**
This category has been incorporated into the CPIC file to meet the requirements of the Firearms Legislation of the Criminal Code. It is used to record data on a person who has:

- been refused the issuance of a Firearms Acquisition Certificate (FAC), or
- been refused the issuance of a Firearms Registration Certificate (FRC), or
- had a Firearms Registration Certificate revoked.

**OBSERVATION (OBS)**
In the event a person is reported as being under observation, take no action based on this information and do not divulge the existence of this information to any non-criminal justice personnel.

This category is used to record data on a person who is:

- suspected of committing criminal offenses and sufficient information is not available to prosecute, or
- known to be dangerous to himself/herself or to, others or
- involved in a serious criminal investigation and confidential information as to his or her whereabouts is required.

**MISSING (MIS)**

This refers to a person:

- reported missing, or
- who has been admitted/committed to a mental institution or hospital psychiatric ward and has left without permission or formal discharge (designated as an eloper), or
- for whom a police agency has undertaken to assist in locating on compassionate grounds.

The routing is the same for vehicles as it is for persons. When received in Canada, the query is forwarded on to the R.O. System and the CPIC System. Again, CPIC includes a variety of records, some not normally available from NCIC.
CPIC STATUS DEFINITIONS:

STOLEN (V OR VEHICLE)
This refers to a vehicle that has been stolen or taken from its rightful owner by the commission of a crime (e.g., a vehicle purchased from a dealer under false pretenses).

OBSERVATION (OBSERVEH)
A vehicle under observation is one which is connected with criminal activities and may or may not be related to a specific individual. In the event a vehicle is reported as being under observation, absolutely no action is to be taken by the inquiring officer. This information is provided solely for officer safety. Subjects present or associated with the vehicle must not be notified that the vehicle is reported under observation by the CPIC System. The inquiring agency should contact Washington, D.C. INTERPOL for further instructions regarding the vehicle and/or occupants of such vehicle.

CRIME (CRIME)
Crime vehicles are those known to be connected to the commission of a crime (e.g., hit and run, murder, robbery, etc.). They are entered on the system by an agency wishing to examine the vehicle for possible evidence such as fingerprints, paint samples, blood stains, disguises, empty shells, etc.

ABANDONED (ABAN or ABANDONED)
This refers to a vehicle which comes into the entering agency’s possession through abandonment, seizure (including seizure by bailiff), or impounding by other means.

POINTER (PNTRV or POINTERVEH)
This refers to a vehicle record whose function is only to "point" to a prime record in the system. For example, an individual wanted for a specific offense is entered into the system as a wanted person record. He is known to drive a particular car. The vehicle's descriptors are entered on the system as a PNTRV record to point to the prime wanted person record should an inquiry be received concerning the vehicle only.

CANADIAN HELP FILES

Presently there are ten general HELP Files for Canada. These are:

1. **CNGENHELP** - GENERAL HELP INFORMATION
2. **CNLICHELP** - VEHICLE REGISTRATION INFORMATION
3. **CNOLNHELP** - DRIVER'S LICENSE INFORMATION
4. **CNPERHELP** - WANTED PERSON INFORMATION
5. **CNVEHHELP** - STOLEN VEHICLE INFORMATION
6. **CNSHRHELP** - CRIMINAL HISTORY INFORMATION
7. **CNGUNHELP** - STOLEN GUN INFORMATION
8. **CNSECHelp** - STOLEN SECURITIES INFORMATION
9. **CNArtHELP** - STOLEN ARTICLE INFORMATION
10. **CNBOTHHELP** - STOLEN BOAT/MOTOR INFORMATION

In addition to the general Canadian HELP Files, each province/territory provides its own HELP information. These files can be accessed by using the following file destinations:

1. **XXLICHELP** - VEHICLE REGISTRATION INFORMATION
2. **XXOLNHELP** - DRIVER'S LICENSE INFORMATION

(The **XX** at the beginning of the file destination is to be replaced with the two character province/territory code of the province or territory being queried.)
## MANUAL TERMINALS

If an operator needs assistance interpreting a record or additional information, he/she can send an administrative message to the appropriate destination listed below.

Canadian Criminal History Record Information requests are similar to the III and State level formats. The Canadian system will return an Identification Segment or a full Criminal Record, depending on the format used for the request.

The RCMP has some unique dissemination requirements for records transmitted internationally. Therefore, it is possible to retrieve a valid identification segment, request the full record using the FPS number, and receive a message indicating that the requested record contains only information that can not be disseminated outside of Canada.

If there are questions on the accuracy or timeliness, or if there are problems deciphering the information in a criminal record file, contact the RCMP Records Compilation Section (ON1007100).

There are some fields that may be unfamiliar to the recipient of the Canadian identification segments. Below is a brief explanation of some of these fields:

QUERY VALUE: This is the maximum score that could be received based on the information queried.

RESPONDENTS SCORE: This is the score that the computer calculated when it compared the query to the record returned.

FPC: The codes that Canada employs are the Orion Auto-Class guidelines as published by Printrak, International.

FPS: This is the unique number assigned to an individual based on fingerprints (similar to the FBI number).

*** CAUTION ***: This is a warning and will be followed by one of the four codes listed on the next page. It will appear when the record subject is considered dangerous to himself/herself or to others. Unlike the CPIC persons records, this code will NOT be expanded upon.
CODES ASSOCIATED WITH THE *** CAUTION *** INDICATOR:

**V** - Violence, an automatic caution for charges involving violence, robbery or offensive weapons.

**E** - Escape Custody, when any attempted or actual escape is reported, regardless of whether a charge is filed.

**M** - Mental Instability, a caution generated when there is a notation on the FPS file indicating mental instability.

**S** - Attempted Suicide, indicating that the subject has suicidal tendencies.

FILE OPEN: A criminal record is called a file. Users should only receive files that have this notation. The following qualifying statements may appear after the status description of "FILE OPEN":

**TRANSFERRED FROM FPS XXXXX** - This indicates that more than one record existed for the same person and these have been brought together under the one FPS number.

**HISTORY UNDER REVIEW** - This indicates that an attempt by Identification Services operators to enter data into the subject history area was rejected by the system and has not been corrected.

**SUBJECT REPORTED DEAD** - This indicates that a notification was received that the subject has died, but the notification was not accompanied by the required set of confirming fingerprints identifiable to the record subject.

**PARDON APPLICANT** - This indicates that the subject of the record has applied for a judicial pardon. Such a record must NOT BE USED FOR ANY PURPOSE without the prior authority of the RCMP Identification Services, Pardons and Human Rights Section (ON1015400).
IDENTIFICATION SEGMENT REQUEST

To obtain an Identification Segment, the required fields are:

LAST NAME, FIRST NAME
SEX, RACE
DATE OF BIRTH
PURPOSE CODE
ATTENTION LINE

Optional Fields are:

MIDDLE NAME
*REQUEST ADDITIONAL RECORDS
OPERATOR

*Canada will return up to three of the highest scoring Identification segments. If the operator wishes to retrieve additional segments, the number of segments requested (up to 10) should be entered into this field.

When an Identification Segment is queried, there is no manual intervention.

CRIMINAL RECORD REQUEST

To obtain a full Criminal Record, the required fields are:

FPS # (Canadian FBI #)  
PURPOSE CODE  
ATTENTION LINE /REASON  

Optional Field:  
OPERATOR

CRIMINAL RECORD RESPONSE

Some of the more commonly used terms found in the record are:

Q CR LANG:E - The "Q CR" is control information unique to Canada. The "LANG:E" indicates that the requested language of the record is English.

LVL:2 - This indicates the amount of information provided by CPIC.

REM: - Remarks Field. Contains a control number, the NCIC Agency Identifier of the requesting agency, the NLETS Control Field and the Attention Field.

CC - An abbreviation for "criminal code"

INTERIM MESSAGE

All criminal record information in the CPIC file will be returned (with the exception of that information not authorized to be sent internationally). Because RCMP Identification Services must review all records prior to sending them internationally, users may receive an interim message notifying them that they have realized a hit and it is being verified by the RCMP Identification Services Directorate:

GLOSSARY

/9998: Acknowledgement of TIME System transaction

/9999: Reject of TIME System transaction

APBD: All Points Broadcast

ARTICLE FILE (STOLEN): Includes items that do not qualify for entry to the vehicle, gun, boat or security files.

ATL: Attempt to Locate

BOAT FILE (STOLEN): This file contains stolen boats provided the vessel is registered, documented or there is a permanent identifying serial number affixed.

CAVEAT: A warning statement directing you not to take action based solely on this information.

CCH: Computerized Criminal History

CHRI: Criminal History Record Information

CIB: Crime Information Bureau

CPIC: Canadian Police Information Centre

CTO: Control Terminal Officer

CURSOR: Blinking or solid character used to indicate location on screen.

DATA BASE: A computer containing information which can be accessed via the TIME System terminal such as CIB, DOT, NCIC and NLETS.

DNR: Department of Natural Resources

DOT: Department of Transportation

EXTRADITE: Turn over an alleged criminal to the jurisdiction of another Law Enforcement/Criminal Justice Agency.

FBI #: Unique number assigned to an FBI fingerprint card.

FIELD: A specific number of spaces for characters used to describe requested information such as DATE OF BIRTH, FIRST NAME and LAST NAME.
FPS: Canadian Fingerprint(s) Identification Number, Canada's version of the FBI number.

GUN FILE: This file contains stolen, missing and recovered guns identified by make, caliber, type and serial number.

HARD COPY: Message printed on paper.

HEADER: Pertinent system information that precedes each TIME System message.

HIT: A response received from a data base, which upon review is determined to match the data inquired upon.

HOT FILES: NCIC, CIB, CPIC, Wanted/Stolen Status Files

III: Interstate Identification Index (Criminal History Information)

INPUT NUMBER: The number assigned in your /9998 acknowledgement by the message switch.

INTERPOL: International Police Organization (DCINTER00)

MANUAL RESPONSE: A transaction which requires a person at the receiving terminal to review the request and manually prepare and send the requested information.

MENU: A list describing available TIME System functions which when selected will lead the user to the appropriate formatted screen to perform the desired transaction.

MISSING PERSON FILE: This file contains records of persons who are missing. Missing persons may be entered into the following categories: Disabled, Endangered, Involuntary, Catastrophe/Disaster Victim and Juvenile.

MNEMONIC: A unique four character alpha/numeric code assigned to each TIME System Terminal.

MRI NUMBER: Same as the TIME System Message Number.

NCIC: National Crime Information Center
NCIC AGENCY IDENTIFIER: A unique nine character alpha/numeric code, assigned to each Law Enforcement/Criminal Justice Agency in the U.S., Puerto Rico, Virgin Islands and Canada.

NEAR HIT: A response received from a data base, which upon review is determined not to match the data queried.

NICB: National Insurance Crime Bureau

NCIC NUMBER: (NIC) Unique number assigned to a record by the NCIC Computer.

NLETS: National Law Enforcement Telecommunications System

OAN: Owner Applied Number

OCA: Originating agency case number

ORI: Originating agency, holder of the record

OUTPUT NUMBER: Numbers received in responses to transactions sent.

PART FILE (STOLEN): This file contains stolen boat and vehicle parts, provided the part has a unique identifying number permanently attached.

POF: NCIC Protection Order and Injunction File

POIF: CIB Protection Order and Injunction File

PURPOSE CODES: The reason a criminal history is requested.
   C - Criminal Justice Purposes
   J - All Criminal Justice Employee Applicant Checks
   E - Authorized Employment or Licensing Purposes
   D - Domestic Violence and Stalking
   H - Public Housing Applicants Screening

PSN: Physical Station Number

QUERY: A computerized search of automated data files.

REJECT: Notification that data entered or queried via the TIME System terminal has not met specified criteria.
SECURITY FILE: This file contains serially numbered identifiable securities which have been stolen, embezzled or are otherwise missing. This includes currency (paper money -- both real and counterfeit) and those documents which are traded in securities exchanges -- stocks, bonds, etc.

SOUNDEX: A name search technique used by databases.

SYSIDNO (SYSTEM IDENT #): Unique number assigned to a record by the CIB Computer upon entry.

TAC: TIME Agency Coordinator. Responsible for familiarizing new personnel to the TIME System and terminal functions. The contact person for CIB training staff.

TIME: Transaction Information for Management of Enforcement

TIME SYSTEM MESSAGE NUMBER: Number assigned to your transaction by the message switch. This number will appear in the /9998 acknowledgement and in each of the responses received to the specific transaction. Same as the MRI number.

TSCC: TIME System Control Center

UNIDENTIFIED PERSON FILE: This file contains records of both living and deceased unidentified persons and body parts.

VALIDATION OFFICER: Person responsible for verifying the accuracy of records entered to the data files.

VEHICLE FILE (STOLEN): Information in this file includes: stolen vehicles, vehicle add-ons, stolen or lost license plates and vehicles used in the commission of a felony.

VGTOF: Violent Gang and Terrorist Organizations File

VIN: Vehicle Identification Number

WARRANT/WANTED PERSON FILE: Included in this file are persons against whom outstanding court warrants or authorized wants exist.
