

# VALIUM, HOW TO EXTRACT IT

VALIUM IS A VALUABLE SEDATIVE USED IN TODAY'S MARKET TO PUT PEOPLE TO SLEEP AND REDUCE AND MOMENTARILY END PAIN. IT IS ALSO VERY EFFECTIVE WHEN COMBINED WITH OTHER DRUGS AND CHEMICALS TO CREATE OTHER EFFECTS LIKE DEATH.

VALIUM IS EASY TO EXTRACT FROM VALERIAN ROOT WHICH CAN BE PURCHASED FROM INFO-LABS.COM OR FROM YOUR LOCAL HOLISTIC HERB SHOP. VALIUM IS ALSO USED IN TEA FORM FROM THE HERB TO INDUCE SLEEP AND PAIN RELIEF. THIS METHOD OF EXTRACTION IS VERY INEFFICIENT AND WASTES ABOUT 2/3 OF THE VALIUM WITHIN THE ROOTS.

THERE ARE OTHER SOURCES ON THE INTERNET WHERE ONE CAN OBTAIN VALERIAN PLANT SEEDS. YOU CAN THEN GROW THEM AND USE YOUR OWN HOME GROWN ROOTS.

FRESH VALERIAN ROOT IS ALWAYS BEST BUT DRY WILL DO.

IF YOU ARE USING DRY ROOT, PLACE IT IN A PLASTIC CONTAINER AND LET SOAK IN ICE WATER UNTIL THE ROOTS ARE SATURATED. REMOVE ROOTS AND GOTO STEP ONE OF PROCESSING.

---

HOW TO EXTRACT VALIUM FROM VALERIAN ROOT:

1. PLACE 3 PRESSED CUPS OF VALERIAN ROOT IN A GLASS BLENDER AND FILL THE BLENDER ALMOST FULL WITH DENATURED ALCOHOL FROM HOM\* D\*POT OR SOME OTHER HARDWARE STORE.
2. BLEND AT LOW FOR 10 SECONDS AND THEN HIGH UNTIL IT TURNS INTO A MUSH. (2MINS).
3. USE VACUUM FILTRATION TO REMOVE THE MUSH FROM THE EXTRACT. DISCARD THE DRIED MUSH AND PUT IN TRASH.
4. SAVE THE LIQUID EXTRACT AND PLACE IN GLASS DISH, PLACE THAT ON A HOT WATER BATH OR OIL BATH TO EVAPORATE THE ALCOHOL AND MOST OF THE WATER IN THE EXTRACT. YOU SHOULD END UP WITH A DARK COLORED THICK EXTRACT WHICH IS ABOUT 70-85% VALIUM.
5. YOU CAN PURIFY IT BY ADDING 1 CUP ETHER TO THE EXTRACT AND PLACING IT IN A SEP FUNNEL WITH 1 CUP WATER. LET SIT FOR ONE DAY. SAVE THE WATER AND BOIL UNTIL PURE VALIUM IS OBTAINED.

DO NOT USE THIS FOR YOURSELF UNLESS YOU DRY IT COMPLETELY BEFORE USING IT...IT WILL BE POISONOUS BECAUSE OF THE METHANOL THAT IS STILL PRESENT IN THE EXTRACT.

MIXING A BB AMOUNT OF VALIUM EXTRACT WITH 1CC OF WATER WITH 1 CC LEMON JUICE WITH 6CC DMSO WILL MAKE AN EXCELLENT KNOCK OUT LIQUID PLACED ON THE SKIN OR IN FOOD OR DRINK.

ADDING ALCOHOL IN PLACE OF THE WATER ABOVE WILL MAKE THE LIQUID VERY HAZARDOUS AND WILL PROBABLY CAUSE AN OD LEADING TO DEATH.
